City of Rio Communities Title VI Plan

I. Nondiscrimination Statement of Policy

Title VI Policy Statement

The City of Rio Communities is committed to compliance with Title VI of the Civil Rights Act of 1964, 49 CFR, part 2, and all related regulations and directives. The City of Rio Communities assures that no person shall on the grounds of race, color, national origin, gender, age, or disability be excluded from participation in, be denied the benefits of, or be subjected to discrimination under any program or activity under any City of Rio Communities program, activity or service.

Prohibited discrimination may be intentional or unintentional. Seemingly neutral acts that have disparate impacts on individuals of a protected group and lack a substantial legitimate justification are a form of prohibited discrimination. Harassment and retaliation are also prohibited forms of discrimination.

Examples of prohibited types of discrimination based on race, color, national origin, sex, disability, or age include: denial of service to an individual, financial aid, or other benefit; distinctions in the quantity, quality, or manner in which a benefit is provided; segregation or separate treatment; restriction in the enjoyment of any advantages, privileges, or other benefits provided; discrimination in any activities related to highway and infrastructure or facility built or repaired, and discrimination in employment.

Environmental Justice/Limited English Proficiency Policy Statement

The City of Rio Communities is also committed to assure every effort will be made to prevent the discrimination of low-income and minority populations as a result of any impact of its programs or activities in accordance with Executive Order 12898, Federal Actions to Address Environmental Justice in Minority Populations and in Low-Income Populations. In addition, the City of Rio Communities also assures every effort will be made to provide meaningful access to persons who have Limited English Proficiency; this is in accordance with Executive Order 13166 (Improving Access to Services for Persons with Limited English Proficiency).

Definition of Federal financial assistance and recipients affected

Federal financial assistance is defined as any Federal dollars that are assigned to the City of Rio Communities to support any program and activity, by way of grant, loan or contract, other than a contract of insurance or guaranty.

Specific Forms of Discrimination Prohibited

The City of Rio Communities' efforts to prevent discrimination must address, but are not limited to:

- The denial of services, financial aid, or other benefits provided under a program.
- Distinctions in the quality, quantity, or manner in which the benefit is provided.
- Segregation or separation in any part of the program.
- Restriction in the enjoyment of any advantages, privileges, or other benefits provided to others.
- Different standards or requirements for participation.
- Methods of administration which directly or indirectly (or through contractual relationships) would defeat or impair the accomplishment of effective nondiscrimination.
- Discrimination in any activities related to a highway, infrastructure or facility built or repaired in whole or in part with federal funds.

- Discrimination in any employment resulting from a program, the primary purpose of which is to provide employment.

IX. Limited English Proficiency (LEP) Plan

Recipients of federal funding should conduct a Four Factor Analysis to prevent discrimination on the basis of limited English Proficiency.

U.S. DOT “Policy Guidance Concerning Recipients Responsibilities to Limited English Proficient persons” dated December 14, 2005 is a useful resource when performing the Four Factor Analysis.

The Four Factor Analysis includes the following factors:

- **Number or Proportion of LEP Individuals:** This factor should describe your efforts to provide meaningful opportunities to your Limited English Proficient population. Your organization should ask “*What number or proportion of individuals will be excluded from benefits or services absent efforts to remove language barriers?*”
- **Frequency of Contact with the Program:** If LEP persons must access your program/activity daily; the recipient has a greater responsibility to tailor their services to the needs of LEP persons. This factor should be data driven and decisions should be in direct correlation through whatever data gathering exercises your organization uses.
- **Nature and Importance of the Program:** The need LEP individuals have access to benefits and services amplifies with programs where the denial or delay of access may have life or death implications. Recipients should identify programs of this type of importance and describe the process to ensure LEP persons are not denied or delayed in the service or benefit of that service.
- **Resources Available:** Your organization’s may have limited resources may not have to take the same steps as a larger organization to provide LEP assistance in programs that have a limited number of LEP persons (e.g., where contact is infrequent, where the total cost of providing language services is relatively high, and/or where the program is not crucial to a person’s day to day existence.) Claims of limited resources will need to be well-substantiated.

The City of Rio Communities shall address the appropriate mix of written and oral language assistance identifying the following:

- Shall be immediately available
