- Chair Tikkun said something close to the City might be ideal because those big RV park companies like being close to golf courses.
- Vice-chair Silva said an RV park would help us as a City, not just because all other RV parks in the County are full, but it would also bring in lodger's tax.
- Vice-chair Silva asked Mr. Logan if anything is coming out of Albuquerque Economic Development.
- Mr. Logan said they have not put anything out that is relevant to us and began a discussion.

Vote on Spotlight for Business/Newsletter

- Chair Tikkun said the deadline to get anything in the newsletter is Friday and asked if there was anything you want to be put in there.

- Chair Tikkun said regarding the newsletter, she spoke with Universal Waste, Oasis Plaza and left a message for the nail salon and let them know the deadline is Friday to place a grand opening in the newsletter and only Universal has responded.

Update joint Belen, Los Lunas, Rio Communities Efforts

- Vice-chair Silva said it was a very nice meeting, where it was decided that the cities do need to work together, there will be a presentation of each city next meeting to plan strengths and weakness of all cities and continue from there to figure out how to work together and promote all cities. She then said she will give another update after the next meeting.
- Chair Tikkun said she would like to see them working together to get connecting bike trails using federal money.
- Vice-Silva said it would be great if there is the money for that, there are ditch banks that we can utilize those and if that is the case, we need to involve the conservancy. She continued to explain that Los Lunas had already created some trails on the ditches. The discussion continued.
- Vice-chair Silva said that would be outside our scope as Economic Development and continued the discussion.

Branding Questions

- Chair Tikkun asked Manager Dr. Moore if it would be a good idea to put our marketing plans in the newsletter.
- Manager Dr. Moore said once a consulting firm gets involved, we might recommend that the public be included, and at that point we might have EDC help with that and continued the discussion.
- Manager Dr. Moore said he would be concerned about putting something in the newsletter without having hired a consultant and have something to present the public.
- Vice-chair Silva said she did put it on social media and got two responses, one who did not want us spending money on marketing, and the other one that was happy about it but hopes we don't drag our feet. The discussion continued.
- Chair Tikkun said she could put in that the City will be hiring someone.
- Mr. Logan said we should wait until next newsletter and maybe by then, we will have someone hired and continued the discussion.
- Vice-chair Silva said once we do get a consultant, we can use social media to spread the word and began a discussion.
- Chair Tikkun said we won't move forward with the branding now but maybe we can get it out in the next newsletter.

Social Media for Businesses

- Vice-chair Silva said she reached out to Chris Garcia at the VC and got no response. She then explained she did reach out to Rathi Casey, who suggested on have three different training sessions and said the training would be \$100- \$200 a session. She then said she did not know how many people would go through the training to make it worth the costs.
- Vice-chair said there are several YouTube how to videos that we could post links on our social media sites and began a discussion.
- Mr. Logan said we can send an email out to the businesses and see who would be interested and continued the discussion.
- Vice-chair Silva said we misunderstood businesses were asking for social media advertising rather than training and continued the discussion.
- Vice-chair Silva said she is looking into getting Facebook to do some training for us as well and continued the discussion.
- Manager Dr. Moore said he just googled YouTube/Facebook marketing and found several courses, these social media platforms love to put these out because the more people using their platform the more advertising money they get, so they might be willing to work with us.
- Chair Tikkun asked if it would be training for just businesses in Rio Communities or residents as well.

- Vice-chair Silva said it would need to be for businesses and continued the discussion.
